

Bordura composta da HDPE rigenerato al 100% HDPE Lawn Edging 100% recyclable

 Bordura composta da HDPE rigenerato al 100%. Un prodotto professionale, con caratteristiche che valorizzano ogni giardino dando forme alla propria fantasia. Non trasmette il calore, è perfettamente calpestabile e sicura per bambini ed animali domestici, grazie ai bordi arrotondati. È talmente flessibile che si adatta ad ogni forma e geometria di vialetti, laghetti artificiali, aree verdi, prati, piccole aiuole.

 Lawn edge made of 100% regenerated HDPE. A professional product with features that values any garden by giving space to your imagination. It does not transmit heat, you can step on it, it is safe for children and pets, thanks to the rounded edges. It is flexible, it adapts to any shape and geometric paths, artificial lakes, green areas, lawns and small flower beds.
